

KCA SM 3060

KCA have introduced this stunning SM 3060 Systemat kitchen. Bringing together shiny macassar ebony and high-gloss lacquered units in magnolia, it's ideal for those who wish to make a bold design statement, whilst not compromising on functionality. Features include an extra thick stainless steel worktop, a frosted glass splash back and a wealth of storage space, including deep pan drawers and spacious cupboard units. Ultra-contemporary, each individual SM 3060 is produced to the highest standards.

Neil Lerner Red & Black kitchen

This linear kitchen from Neil Lerner boasts units and cabinetry in black and red high-gloss lacquer finishes, the colours defining different 'blocks' of the kitchen. The black back wall, for example, houses a sophisticated complement of appliances, including a Gaggenau fridge freezer and a Miele oven and microwave, whilst the dark red preparation and cooking areas sport white composite worktops and a Miele induction hob. Clean and contemporary, the Red & Black kitchen is as striking as they come.
